SCOA GROUP
Engineering & Construction

SCOA GROUP

SCOA, a story of excellence, has been active in Nigeria since 1926' and West Africa for over a century.

This colossus of a company has witnessed a phenomenal growth, which allowed it to occupy a leading position in sectors as diversified as Vehicle Assembly, Power Projects, to Engineering and Construction.

Today SCOA is one of the foremost multinational conglomerates in Nigeria and quoted on the Nigerian Stock Exchange since 1969.

SCOA enjoys a broad ownership structure that includes tens of thousands of Nigerian shareholders.

SCOA is a brand is unmistakably a household name in Nigeria, a brand that has built a record of good accomplishments and a brand synonymous with integrity, quality, and reliability.

Construction

The Construction arm of the SCOA Group has specialized in the high quality execution of construction and infrastructure projects in Africa and the Middle East, and it has gained a prominent standing for its momentous achievements over the last three decades.

Through the continuous professional efforts of its leadership and entire team, the Group has diversified over the years and has acquired a solid experience and good know-how which positions it at the forefront of contractors in West Africa. The Group has forged ahead with road construction projects, bridges, rehabilitation works, asphalt overlay, surface dressing, drainage, building, as well as colossus dams in various parts of West Africa.

The Group owns and operates substantial fleet of modern road echnology equipment, earth-moving machinery, quarries, asphalt plants, concrete equipment and plants, and various other machineries and vehicles. It also operates its own pre-stressed concrete plants in Africa and the Middle East.

SCOA Group has continued to play a laudable role in the infrastructural and economic development of West Africa over the decades.

SCOA GROUP
